Publisher's announcement.—The people of Nova Scotia are divided into two political parties—liberal and conservative. The **HERALD** and **THE MAIL** are the only two daily conservative papers in the province; and the only papers that regularly publish sworn statements of circulation. The **HERALD** (morning) covers the province generally; **THE MAIL** (evening) circulates almost exclusively in the city of Halifax, and goes into the great majority of the prosperous homes. **THE HOMESTEAD** (twice-a-week) circulates among the better class of farmers, fishermen, miners and lumbermen of Nova Scotia. We believe **THE HERALD** and **THE MAIL** have the largest circulation of any daily papers in Nova Scotia; at any rate, advertisers are told exactly what the actual net circulation is, and they thus know just how much publicity they get for their money. Sworn details filed with Rowell's Directory.

II.

OVER 1,000 CIRCULATION.

ONE THOUSAND IS THE GENERAL ADVERTISER'S UNIT OF VALUE. TO THE GENERAL ADVERTISER PAPERS OF LESS THAN A THOUSAND ISSUES ARE NOT OF MUCH ACCOUNT, BECAUSE THE COST OF WATCHING CONTRACTS AND KEEPING ACCOUNTS, ADDED TO THE LOWEST OBTAINABLE PRICE (NO MATTER HOW LOW), GENERALLY MAKES THEM TOO DEAR TO BE PROFITABLE. OF ALL THE PUBLICATIONS DESCRIBED IN THIS BOOK NEARLY THREE-QUARTERS ARE RATED IN THE "JKL" CLASS, LEAVING ABOUT SIX THOUSAND THAT ARE BELIEVED TO HAVE A CIRCULATION EACH ISSUE OF ONE THOUSAND COPIES AND UPWARDS. A CATALOGUE OF THESE HERE FOLLOWS, GIVING NAME, FREQUENCY OF ISSUE AND CIRCULATION RATING. THE YEARLY SUBSCRIPTION PRICE IS ALSO GIVEN IN CASES WHERE IT IS LESS THAN ONE DOLLAR.

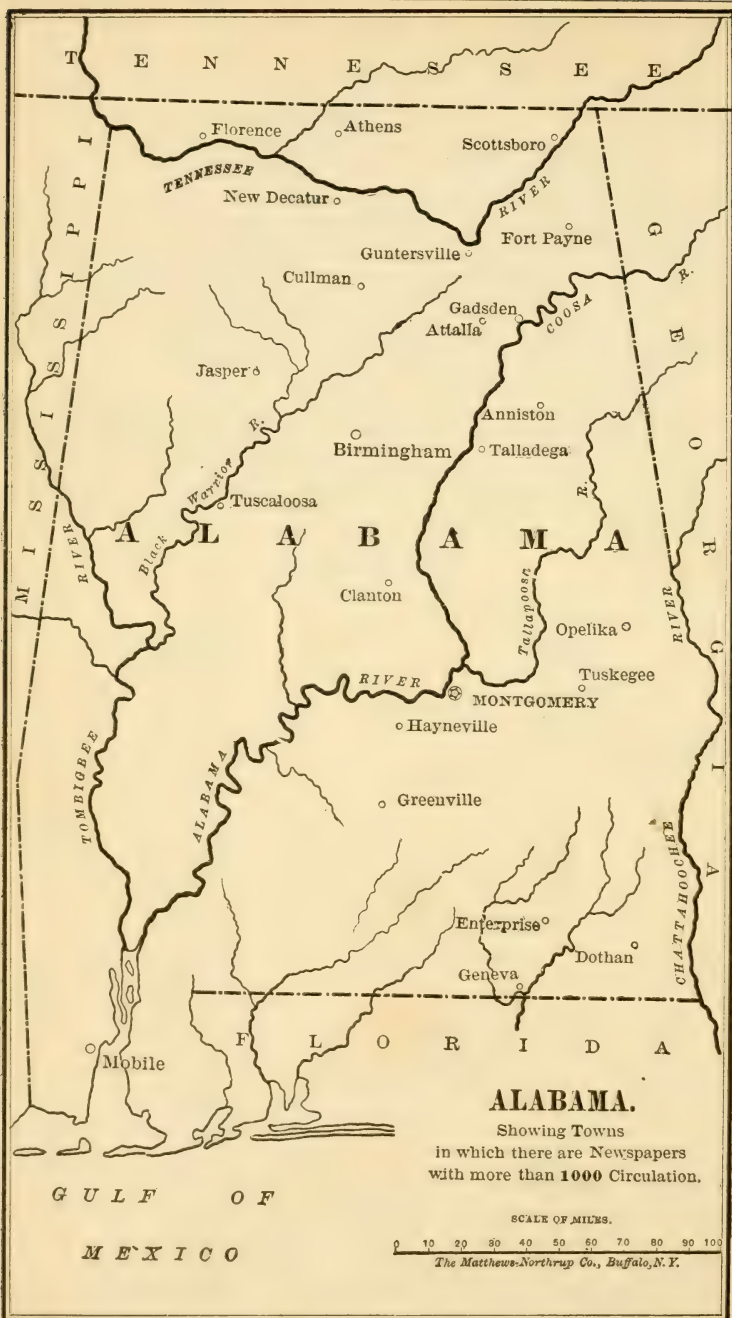

EVERY PUBLISHER OF A NEWSPAPER ENTITLED TO A HIGHER CIRCULATION RATING THAN IS ACCORDED IN THIS BOOK KNOWS THAT IT WAS HIS PRIVILEGE TO HAVE HIS EXACT FIGURES INSERTED HAD HE BEEN ABLE AND WILLING TO FURNISH THEM. IN CASES WHERE A PUBLISHER IS UNWILLING TO SUPPLY THE REQUISITE INFORMATION, THE EXPERIENCE OF THE EDITOR OF THE DIRECTORY HAS TAUGHT HIM THAT IT IS ALWAYS FOR A REASON MORE SATISFACTORY TO THE PUBLISHER THAN IT WOULD BE TO AN ADVERTISER WHO IS THINKING OF USING THE ADVERTISING COLUMNS OF THE PAPER.*

SUNDAY NEWSPAPERS.

A LIST IN ALPHABETICAL ORDER BY STATES AND TOWNS, RECAPITULATING ALL NEWSPAPERS HAVING A SUNDAY ISSUE AS CATALOGUED IN PART I.

EVERY PUBLISHER OF A NEWSPAPER ENTITLED TO A HIGHER CIRCULATION RATING THAN IS ACCORDED IN THIS BOOK KNOWS THAT IT WAS HIS PRIVILEGE TO HAVE HIS EXACT FIGURES INSERTED HAD HE BEEN ABLE AND WILLING TO FURNISH THEM. IN CASES WHERE A PUBLISHER IS UNWILLING TO SUPPLY THE REQUISITE INFORMATION, THE EXPERIENCE OF THE EDITOR OF THE DIRECTORY HAS TAUGHT HIM THAT IT IS ALWAYS FOR A REASON MORE SATISFACTORY TO THE PUBLISHER THAN IT WOULD BE TO AN ADVERTISER WHO IS THINKING OF USING THE ADVERTISING COLUMNS OF THAT PAPER.*

CLASS PUBLICATIONS.

A LIST OF NEWSPAPERS AND OTHER PERIODICALS OF THE VARIOUS CLASSES, TRADES AND INTERESTS, ARRANGED IN ALPHABETICAL ORDER BY STATES AND TOWNS IN WHICH THEY ARE PUBLISHED, GIVING NAME, FREQUENCY OF ISSUE AND LATEST CIRCULATION RATING AS INDICATED IN PART I.

EVERY PUBLISHER OF A NEWSPAPER ENTITLED TO A HIGHER CIRCULATION RATING THAN IS ACCORDED IN THIS BOOK KNOWS THAT IT WAS HIS PRIVILEGE TO HAVE HIS EXACT FIGURES INSERTED HAD HE BEEN ABLE AND WILLING TO FURNISH THEM. IN CASES WHERE A PUBLISHER IS UNWILLING TO SUPPLY THE REQUISITE INFORMATION, THE EXPERIENCE OF THE EDITOR OF THE DIRECTORY HAS TAUGHT HIM THAT IT IS ALWAYS FOR A REASON MORE SATISFACTORY TO THE PUBLISHER THAN IT WOULD BE TO AN ADVERTISER WHO IS THINKING OF USING THE ADVERTISING COLUMNS OF THAT PAPER.*

I Know a Fellow Who Was Collector for a Country Store,

at a weekly salary of \$6.00, when he first met PRINTERS' INK, "The Little Schoolmaster in the Art of Advertising." He had no special interest in advertising, but read PRINTERS' INK just because there were good hard-headed business talks in it—because it told of successes and failures in the use of a business force which was new to him, and gave the whys and wherefores in a way that was easy to understand. He began to get interested in the subject—borrowed PRINTERS' INK and sat up nights with it—didn't want to miss a line. Finally sent the proceeds of two days' hard work for a year's subscription.

He was advanced to the cashier's desk and to \$10.00 per week. He and the manager

Read Printers' Ink

and discussed its teachings while the others were at lunch. The manager told him to write a few ads. He tried, and some of his efforts were printed in the firm's regular space. Then they put him at work on the books, put \$12.00 in his weekly envelope, and let him help out with the advertising. He wrote ads for one or two of the smaller stores in other lines. PRINTERS' INK reproduced them in its Ready-Made Ad Department with complimentary comments, and other advertisers in all parts of the country adapted them to their needs. He took another step up the ladder—

Became Advertising Manager

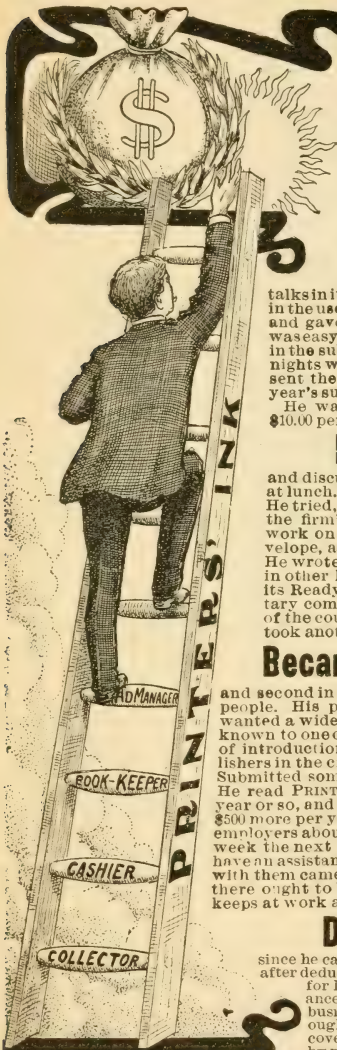

and second in command of a store employing thirty-five people. His pay envelope expanded again. Then he wanted a wider field. Came to New York. Made himself known to one of PRINTERS' INK's editors and got a letter of introduction to one of the foremost trade paper publishers in the city, who wanted an advertisement writer. Submitted some ads. Got the job—and \$500 more a year. He read PRINTERS' INK and worked like a nailer for a year or so, and the National Cash Register Co. offered him \$500 more per year to write advertising for them. Told his employers about it and began to draw another \$10.00 per week the next Saturday. His department grew—had to have an assistant, then two, then three—and an artist. And with them came more money. He's only thirty-one now—there ought to be something in the future for him if he keeps at work and reads PRINTERS' INK. But he has nearly

Doubled His Salary

since he came to New York, less than four years ago, and after deducting a little for natural ability and a good deal for hard work, there still stands a very large balance to the credit of PRINTERS' INK. No young business man can be as good a business man as he ought to be without reading PRINTERS' INK. It covers every phase of advertising as it is covered by no other paper—matter, manner, methods, mediums—everything. It illustrates and demonstrates as it goes along—shows good and bad advertising, and tells why the one is good and the other bad. PRINTERS' INK is intensely practical from the first P to the last period, and if it cost \$15.00 per year instead of \$5.00 it would still be a dividend payer of the highest order. Ten cents sent to GEO. P. ROWELL & CO., 10 Spruce St., New York, will bring a sample copy, which will show why people are glad to pay \$5 a year for its weekly visits and justify my enthusiasm. This is a truthful tale of what PRINTERS' INK has done for a friend.

John A. Kershaw

Mgr. Adv.-Writing Dept., American Machinist, Power, World Bldg., New York.

The only milling journal distinguished in this Directory by the mark ☉ ☉ is the

Northwestern Miller

This sign means: "Advertisers value this paper more for the class and quality of its circulation than for the mere number of copies printed. Among the old chemists gold was symbolically represented by the sign ☉."

PRINTERS' INK for December 3d, 1902, in commenting on milling journals, says: "The writer is of the impression that the NORTHWESTERN MILLER, published at Minneapolis, is in fact the most important publication devoted to the milling interests. Its circulation, not being padded, is not as large as is common with successful trade papers, but an examination of its pages convinces one that it is a paper having weight, influence and an unusual share of material prosperity of the sort that comes only when it is well deserved."

reached by the magazine
most devoted to matters
vital to its people.

Out West

is not only the leading magazine published in much the larger half of the United States, but is also distinctively different from any published elsewhere. It not merely happens to be published in the West: the spirit of the West is vital all through it. It therefore has a distinct place in the attention of readers everywhere, and appeals more strongly to the sectional pride and self interest of Westerners than does any publication of more general character. In fine, it provides a greater standing and bona fide circulation at a less rate than any other Western magazine, and greater effectiveness on the Pacific Coast than any magazine.

EDWARD A. MORGAN, Editor and Proprietor.

Perhaps it would be policy to say that the American Newspaper Directory is second only to the Lord & Thomas Directory. As a matter of plain truth, however, there's only one. The American Newspaper Directory is the Webster's Dictionary of advertising. As for its integrity, I don't believe that any fair-minded man ever questions Mr. Rowell's motives, be he publisher or advertiser, and I have absolutely no sympathy whatever with the howl that is raised against his efforts to put circulation upon an honest, open basis. —*Daniel M. Lord, of the Lord & Thomas Advertising Agency, Chicago, July 21, 1902.*

THE COOKING CLUB

The only culinary publication in the United States adapted for families with limited incomes, and this means nine families out of every ten. Published at the popular price of fifty cents a year, it reaches the people that the advertiser desires most to reach. It is a lasting medium, because the housewife retains every number for almost daily reference to the great number of practical, tested recipes published in every issue. It is edited by practical, every-day cooks for every-day cooks, therefore has intrinsic value to every woman. In attractiveness it excels, as every month there is a new cover design in colors, making it attractive in appearance as well as in contents.

Published in a small city, but with a large circulation, as is shown by the record for the past year as follows:

STATE OF INDIANA, }
ELKHART COUNTY. } ss.

Before me, Dora Burns, a Notary Public, personally appeared Thomas A. Starr, who, being duly sworn, states that the circulation of THE COOKING CLUB has been as follows:

November, 17,344; December, 17,820; January, 18,976; February, 20,335; March, 22,830; April, 22,890; May, 22,980; June, 23,170; July, 23,150; August, 23,175; September, 23,220; October, 23,840.

Sworn and subscribed to before me this 15th day of October, 1901.

THOS. A. STARR,
DORA BURNS,
Notary Public.

My commission expires September 13, 1902

THE 30,000 MARK

Should be reached before the subscription season of 1901-2 closes, if the past records are any criterion. Anyhow we will guarantee a circulation exceeding 25,000 for 1902, and the rate of 10 cents a line flat, makes a low one. Circulates from Nova Scotia on the north, all through Canada and the United States into old Mexico, and in every State and Territory of the country from the Atlantic to the Pacific oceans. Samples free with request on printed stationery.

WHAT OTHERS SAY.

The Mail Order Journal: "The Cooking Club's circulation is healthily growing every month. It can claim also that in addition to quantity it dishes up a delectable quality."

The Criterion: "The Cooking Club is a thoroughly up-to-date magazine on foods and cooking."

General information: "The only practical magazine on cooking that we have ever seen that meets the requirements of the family in moderate circumstances."

The Best Advertising School

There is a school teaching advertising by mail, with offices at 10 Spruce Street, New York.

It is not called an advertising school; but it is without a doubt the best advertising school in existence.

The school is nothing more nor less than PRINTERS' INK, a weekly journal for advertisers.

It deserves the well-earned title: THE LITTLE SCHOOLMASTER.

For twelve or fifteen years PRINTERS' INK has been the recognized authority on good advertising throughout the whole civilized world.

PRINTERS' INK is so valuable to the business man, because:

It teaches the underlying principles of advertising.

It distinguishes between good and bad advertising.

It teaches good display.

It teaches retail, wholesale, department store, mail order and every other kind of advertising.

It tells why some advertising has been successful and why some has failed.

It teaches sound business principles.

It describes the world's best window displays.

If you are engaged in business of any kind you can't invest \$5 more profitably than by subscribing for PRINTERS' INK.

Many a single idea will be worth more than the subscription price.

PRINTERS' INK easily slips in your coat pocket—the busy man can read it at odd moments, as when waiting for a car, a shave, etc.

10c. brings a sample copy—\$5 pays for 52 weeks.

MR. LYMAN G. BLOOMINGDALE:

"The fact that Bloomingdale Brothers have used the advertising columns of THE AMERICAN HEBREW continuously from its birth is an indication of our appreciation of its merits."

MR. EDWARD LAUTERBACH:

"The standard of excellence which THE AMERICAN HEBREW sought for itself was of the very highest order, but it has been unfalteringly maintained, yielding never to the temptation of increasing its advertising columns by the employment of its widespread influence in any except legitimate directions."

MR. ALBERT F. HOCHSTADTER *Director Educational Alliance:*

"THE AMERICAN HEBREW occupies the very first place among the Jewish journals of the United States."

MR. HENRY RICE, *President United Hebrew Charities:*

1866

NOW IN ITS 38TH YEAR

is still the LEADING, most INFLUENTIAL and most WIDELY CIRCULATED publication in the world devoted to Mining and Metallurgy.

Practically every pound of ore bought and sold on this continent is paid for on The Journal's quotations.

Its editor, T. A. Rickard, is of international reputation. No other technical publication spends so much for editorial services and specially contributed articles.

In addition to reaching every prominent MINING ENGINEER, mine OWNER, mine SUPERINTENDENT and FOREMAN in the United States, Canada, Mexico, the paper circulates abroad, WHEREVER MINING IS CARRIED ON.

Its export (first of the month) numbers cover the world every year.

See description of THE JOURNAL, page 674.

PACIFIC COAST MINER

is a SEPARATE PUBLICATION, devoted wholly to LOCAL MINING MATTERS in CALIFORNIA (where it has the largest circulation of any mining periodical); NEVADA (where its circulation is also the largest); ARIZONA, COLORADO, MONTANA, OREGON, UTAH, etc.

It is issued by a SEPARATE COMPANY in San Francisco, but under a close WORKING ARRANGEMENT with the Journal.

The third issue of each month, in addition to the REGULAR LARGE CIRCULATION, has an extensive EXTRA CIRCULATION in SOME PARTICULAR WESTERN MINING STATE.

Each paper co-operates with the other editorially, and the branch offices are used in common. See description, page 83.

With announcements in the JOURNAL and PACIFIC COAST MINER, a manufacturer covers the big buyers of the mining industries everywhere.

Both papers are under the direct personal business direction of W. J. JOHNSTON, who established and built up THE ELECTRICAL WORLD.

Advertising rates fixed and, circulation considered, exceedingly reasonable.

GUNTON'S MAGAZINE

Is Worth the Careful Attention of Every Live Advertiser.

W H Y ?

BECAUSE its circulation is rapidly increasing.

BECAUSE it reaches an exceptionally fine class of well-to-do people—the kind who can and do buy high class goods, both for their business offices and for their homes; in fact, just the people to whom high grade advertising appeals; and GUNTON'S does not want any other kind of advertising and will not take it. Wise advertisers are more and more coming to realize the value of *quality* of circulation, and that is why GUNTON'S is placing new advertising of the best kind every month.

BECAUSE it is sold at only One Dollar a year, Ten Cents a copy—admittedly an unprecedented price for a magazine of its class and quality.

BECAUSE it is steadily growing in interest and improving in appearance.

BECAUSE advertisers can be sure of artistic treatment of their copy, the best possible display and *good company*.

BECAUSE the rates are *right*.

The Why of Poverty

A POWERFUL BOOK

By G. H. Hubbard.

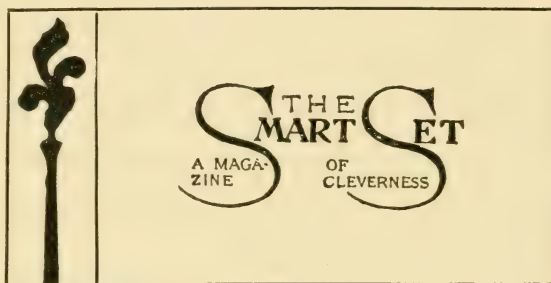

THE social problem is largely the problem of poverty. This is one of the serious ills that beset life even in the best of modern circumstances, and clamors loudly for cure. All will agree that the secret of cure lies first of all in the discovery of cause. A false diagnosis almost certainly leads to false treatment. This book is a diagnosis. In it the writer confines himself strictly to a study of the causes of poverty, believing that if these can be clearly and forcibly revealed the poor have in them the key to their own emancipation. To him who honestly wishes to cure the evil one fact is worth more than uncounted fancies and theories. The medicine may not always be sweet to the taste, but it is wholesome and health-giving.
